notes

► FINC Parameters

► Loan Parameters

The Loans Load Start Date parameter determines the starting date for bringing loan information into SuperLink from LDDCLAS. This parameter is used in the Loans Download agent.

Load Start Date 1/1/799

► NED Exam Parameters

The NED Exam Delete Days parameter determines how many days an exam will remain in SuperLink after a newer exam of the same type for that institution appears. This parameter is used in the Delete Exams agent.

NED Exam Delete Days 180

► RTS Parameters

The RTS download will get all records with an RTS ID greater than this number.

Minimum RTS ID for download 800

► Testing Parameters

Number of Documents to download will limit the number of documents processed during testing. Note: not all agents use this.

Number of Documents to download 939393

This will turn on or off the generation of FINC Alerts.

Generate FINC Alerts Yes

This will force documents to be updated regardless of whether any data has actually changed. Note: not all agents use this.

Force a save of documents No

This will determine who workflow messages will be sent to. Live will send to actual recipient, Test will send to the ID listed below.

Workflow Notification Status Test

This will be the person who will get test workflow messages.

Workflow Test ID Address Three C Users\JD31\Dev\FRBIEST\JUS

Agents will only run the advice portions if this is set to "Yes". This is used to quickly generate a profile for a specific institution without having to run the full downloads.

Run Agents for Only Advice No

This will determine whether or not status messages are used. Status messages are used if this is set to "Yes".

Status Messages Yes
